Valid Through: 10/10/2015
Terms: Net 30 Days
FOB: Destination

PSSC PowerStation Duo

The PowerStation Duo is a custom configured dual processor high performance 32 core computing solution designed specifically to meet the needs of a variety of HPC applications.

The PSSC PowerStation Duo/R&D

- CoolerMaster Series Half X Tower Chassis
 - 750 Watt Power Supply
 - Intel E5-2698 v.3, 2.3GHz, 40MB Cache CPU's, total of 32 cores (64 Cores when Hyperthreaded)
 - (2) Intel E5-2698v3 16-Core CPU's
 - 128GB Total High Performance DDR4 2133MHz ECC REG System Memory
 - 2 TB of USABLE Storage Space
 - 1 TB SATA III Hard Drive, 6Gb/s
 - ASUS Intel C612 PCH Chipset Server Motherboard
 - Dual processor design
 - DVD-RW+/-
 - Black, SATA
 - PCIe Graphics Card with 2GB GDDR Memory
 - Logitech 101 Key Keyboard
 - Logitech Mouse
 - (2) 10/100/1000 BaseT Nic's
 - Linux Ubuntu 14.04 64-bit Installed
 - Custom Packaging
 - Insured Shipping to Continental US location
-
